

ABOUT US

Our company has been one of the leading companies in the elevator industry. AKFALIFT elevator equipments specializes in the high-tech products with reasonable and globally competitive prices. We also have one of the most professional and technical staff which carries out all the distribution and marketing to our domestic and international markets.

All the brands in our product range are manufactured by the best elevator and elevator parts manufactures in Turkey and in Europe. Our company also aims to continue producing high quality and durable spare parts. Since the establishment of our company until today, we have satisfied customer needs in many areas besides selling products, one such area is continuous technical consultancy service to customers.

AKFALIFT Elevator systems and spare parts always focuses on customer satisfaction and continues to supply the latest technologies to our valued customers. Our customers will always be our most valued treasure.

akfalift

We produce world-class to
ensure our friendly
service policy.

www.akfalift.com

We are an elevator company that has gained the reputation of the elevator industry in the local and national area
